

Acid Foam 1040

Product Application:

Acid Foam 1040 is a high foaming blended inorganic acid cleaner especially designed for Foam and Manual Cleaning all types of processing equipment in the dairy and food processing industries. Acid Foam 1040 phosphoric acid and complex surfactant package will clean tough food and mineral soils while rinsing free and shining stainless steel.

Properties:

Pounds per gallon: 9.6

Specific gravity: 1.15

Foaming properties: High foam

Use Directions:

Acid Foam 1040 is designed for use as a foam cleaner or manual cleaner at 0.5-2% solution strength depending on the equipment and soil. For difficult foam cleaning applications foam cleaning will be performed at 1-2%. For manual cleaning 1oz/gallon in warm water at 110-125°F with brush or scrubbing pad. Your **PureLabs** representative will work with you to design the best cleaning program for your facility.
