

CIP Circ 3010

Product Application:

CIP Circ 3010 is a non-foaming chlorinated CIP cleaner offering quality-cleaning power under even the most adverse conditions. CIP Circ 3010 contains sodium-hydroxide and is less than 1% phosphorus. With the maximum amount of additives for trouble-free cleaning under any condition, CIP Circ 3010 is stronger and more concentrated than most other cleaners, and with a lower cost.

Properties:

Pounds per gallon: 10.7

Specific gravity: 1.28

Foaming properties: No foam

Use Directions:

CIP Circ 3010 is designed for use at 0.25-0.5% solution strength depending on the equipment and soil. For difficult CIP applications with heavy protein or mineral soils circulation cleaning will be performed at 0.5% solution at 145-165°F for 20-30 minutes. Your **PureLabs** representative will work with you to design the best cleaning program for your facility.
