

Hi Foam 4010

Product Application:

Hi Foam 4010 is a mild foam cleaner for use as a stand-alone product or addition to acid or alkali products for foam enhancement. Hi Foam 4010 is economical and efficient at recommended dilutions with good cleaning ability and is non-corrosive at use dilution. Hi Foam 4010 can make any acid or alkali into a powerful foam cleaner.

Properties:

Pounds per gallon: 8.6

Specific gravity: 1.03

Foaming properties: High foam

Use Directions:

Hi Foam 4010 is designed to be used at 1-3% depending on the soil and when used to enhance other cleaners. Hi Foam 4010 can be used through mixing stations to blend on-site foam cleaners. Contact your **PureLabs** representative to work with you to design the exact solution specifically for your facility.
