

Sol Clean 4040

Product Application:

Sol Clean 4040 is a mild solvent-based general cleaner for most general cleaning applications. Sol Clean 4040 is economical and efficient at recommended dilutions with good cleaning ability and is non-corrosive at use dilution. Sol Clean 4040 is most effective where light oil and grease residues are the primary soils and an aggressive acid or chlorinated alkali cannot be used.

Properties:

Pounds per gallon: 8.3

Specific gravity: 0.99

Foaming properties: Very high foam

Use Directions:

Sol Clean 4040 is designed to be used at 1-3% depending on the soil load and cleaning method. Sol Clean 4040 can often be used in floor scrubbers and high-pressure systems. Contact your **PureLabs** representative to work with you to design the exact solution specifically for your facility.
